(1) As of June 27, 2011. Tuition and fees include tuition, registration fee and STRF fee.

(2) For students completing the program 07/1/2010-06/30/2011.

(3) As reported to ACICS (our accrediting agency) on 09/15/2010. All students who completed between 07/01/2009-06/30/2010 are included in this calculation. This job placement rate looks only at jobs that were in or very closely related to the field of study. The rate is based on completers who were employed by the date the report was submitted to our accrediting Agency on 09/15/2010. The information for this rate was obtained from students and maintained in a database.

(4) As required by BPPE (our state approval agency). All students who completed within 100% of normal program completion time between 01/01/2009-12/31/2009 are included in this calculation. This job placement rate considers students to be placed if they were employed within 6 months of graduation in jobs for which the skills obtained through the education and training provided by the institution are required or provided a significant advantage to the student in obtaining the position. The information for this rate was obtained from students and maintained in a database.

(5) Includes first-time , full-time students who completed their programs within 150% of their originally scheduled duration within a 12 month period ending August 31, 2010.

(6) Information in parenthesis is the number of students included in the data.

(7) Information in parenthesis is the number of students included in the data. Ethnicities under 10% were not included since they were insignificant.

(8) Information in parenthesis is the number of students included in the data.
